

INTERNATIONAL SUMMER SCHOOL
ASSESSING OF SOIL AND WATER CONDITIONS IN FORESTS

Sękocin Las - Białowieża
29 August – 9 September 2005

The school is organized by Department of Forest Site Science, Forest Research Institute in the frame of activities of the European Union Project: *Centre of Excellence for Protection of Forest Resources in Central Europe PROFOREST* (Workpackage WP 8.3).

The goal of the school is to provide a forum for exchange of knowledge and research experiences on forest hydrology, soil and water conservation, watershed management, forest habitats restoration and others issues in the field of forest and water. Besides the lecture participants will have an opportunity to present their own investigation. The papers will be published.

PROGRAMME

Monday 29 August - Friday 4 September Forest Research Institute Warsaw- Sękocin

Monday 29 August

Arrival of participants

16⁰⁰ – 20⁰⁰ Accomodation of participants

Welcome addresses

Tomasz Oszako: Centre of Excellence PROFOREST
